Family & Youth Roundtable

San Diego, California

EVERY HUMAN DESERVES TO FEEL ACCEPTANCE.

Yet we have a human need to **Label**, which gives way for us to **Isolate** and **Exclude** (LIE).
Together we can **Stop the LIE**

Because in EACH of US there is an idea that once shared may lead to a benefit for one - all of us.

This conference’s purpose is to share learning experiences on what Public Systems, Community Based Organizations, Schools, Researchers, Families, Youth, and Each of US are doing or could do to eliminate stigma, discrimination and disparities in our communities. The goal is for those attending: is to learn, tools that each of us can take home and implement in our communities.
